Tenneo

Introducing

Tenneo LMS V8.2

Learning is now Faster, Better, Smarter!

After the path-breaking success of Tenneo LMS V8.1, we are set to take the LearnTech Revolution even further with new upgrades to our learning platform.

Gen AI Features
Tenneo Assistant: Revolutionizing Learning Support

- Reduce dependency on admin support & user manuals
- Minimize operational costs & allocate resources for strategic initiatives

Performance Enhancement
Smart Courses: Elevating Learning and Engagement

- Convert static documents into interactive, engaging courses
- Accelerate skill development with faster knowledge transfer

Robust Connectors
Seamless Integration with Canva & HRMS (HROne & Keka)

- Create visually compelling learning materials effortlessly
- Streamline HR operations & reduce administrative overhead

UI & UX Upgrade
Enhanced Usability for Greater Adoption

- Make user experience simpler & more intuitive
- Greater LMS adoption to promote continuous learning.

Tenneo LMS V8.2 is not just an upgrade; it's a strategic tool designed to enhance learning, engagement, and efficiency.

Embrace the future of learning with Tenneo LMS V8.2
