

Most LMS platforms make learning available.

Tenneo 8.5 makes learning effective.

- We cut the noise.
- We simplified the experience.
- We built a platform that fits naturally into everyday work — between meetings, commutes, and coffee breaks.

“ You invest in learning. But you don’t always see momentum. ”

What Tenneo 8.5 Delivers

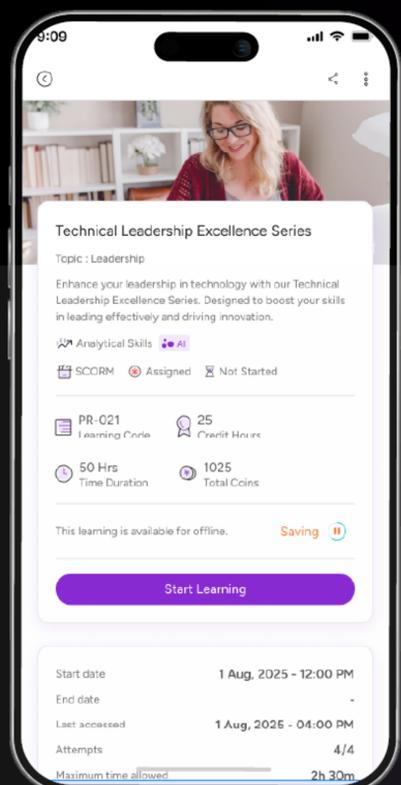

Intuitive Navigation – Remove Friction

We streamlined every interaction. Learners move faster. Teams spend less time figuring things out and more time building skills.

Seamless Video Learning – No Interruptions

Stream unlimited high-quality learning clips across Learn and Learn+ variants.

No buffering. No frustration. Just smooth, uninterrupted growth.

AI-Powered Onboarding – Start Strong

The moment learners log in; the platform guides them. It shows them where to begin, what to focus on, and how to progress.

Engagement That Drives Action

We integrated rewards powered by Xoxoday to celebrate milestones in real time.

Progress becomes visible. Effort gets recognized. Motivation becomes natural.

Mind Maps – Learn with Clarity

We help learners visualize complex topics. Integrated Mind Maps break down big ideas into structured, memorable insights.

Clarity drives confidence. Confidence drives performance.

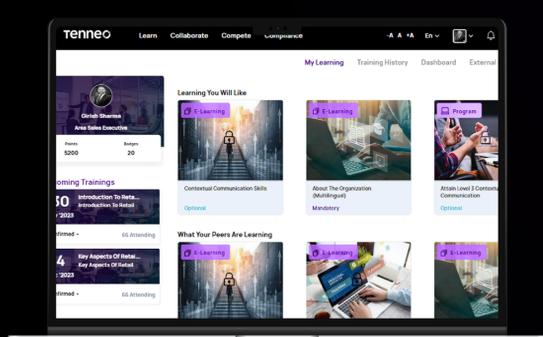

Mobile-First. Enterprise-Ready.

We redesigned learning for real life.

- Modern, fresh UX
- Engaging start every time
- Seamless content delivery
- Built-in motivation
- Intuitive course progression

“ Learners engage because it feels natural. Not because you send reminders ”
